Accent and TravelMBA, form the WorldStrides University Division, the nation's premier organization providing travel and academic services to MBA programs. In service to more than half of the Department of Education's designated Centers for International Business Education and Research, as well as over half of the top 30 MBA programs, our clients rely on us to deliver unparalleled service for their unique programs.

As a founding corporate member of the EMBA council, we are committed to the unique needs of the Executive MBA student. Our high-touch US based team provides support to administrators and faculty at every step of the planning process. Our meetings practice, headed by the former Deputy White House Liaison to the US Department of State, has recently earned the company accreditation by AdvancEd. This milestone marks the first accreditation of an organization focused on creating international residencies for MBA students. With unmatched levels of consumer protection, insurance levels commensurate with the EMBA degree and the only company compliant with all US travel industry laws – we take pride in leading the industry to responsibly serve the evolving needs of EMBA programs.

--	---	--

Income/Outcome is a high-touch business boardgame that gives EMBA students practical experience in financial statements, the interconnectedness of business decisions, pricing, planning (budgets) and analysis. Team competition workshops break the ice, build teams, and help students get over their 'going back to school' jitters. This foundational learning is a powerful experience and retains its use throughout the EMBA program.

EMBA Conference Update: Join us on Tuesday, October 26th to experience a demonstration of this fun and fast-paced simulation. It's an opportunity to test drive the simulation for your students!

The Austral Group is an educational services firm that is dedicated to organizing international EMBA study programs to South America, and to developing custom travel and meeting itineraries that provide insight and perspective into doing business in South America. The Austral Group was formed with the vision to fill a very specific need in today's global EMBA programs: to provide a professional, business-focused service with profound local knowledge and contacts to ensure a comprehensive and memorable educational travel experience.

The Austral Group specializes in arranging high-level meetings and company presentations for EMBA programs with the most important business executives, government officers, entrepreneurs, and non-profit leaders who are shaping the business landscape in South America.

In addition, The Austral Group specializes in providing reliable and efficient travel logistics and tourism services throughout South America. For more information, visit www.theaustralgroup.com.

info@campustext.com
www.campustext.com

Toll Free: 888.606.8398 (TEXT)

Campus Text provides discounted textbooks, trade books, case studies and software to educational programs throughout the United States and abroad. We can either ship books to your program or alternatively, provide us with a mailing list, and we will ship directly to your students. Every textbook is discounted, and we offer free regular ground shipping or, for a charge, expedited freight. In addition, program directors no longer have to worry about books being delivered late or not at all. We make sure to secure the latest editions and can order faculty desk copies as well. Our bottom line is to eliminate all the headaches associated with the ordering of textbooks. Customer service is very important to our staff.

Latin American Study Tours provides customized program visits to Brazil, Argentina, and Chile among other countries for business schools. Based in the MERCOSUR region of South America, we provide our clients with high level site visits and presentations as well as first class travel logistics and ground support services. We leverage decades of business experience in our region to gain access for our clients to high level executives at leading companies and organizations in a wide range of industries.

Latin American Study Tours owners and staff offer decades of combined experience hosting business delegations and MBA groups in the region. We provide turnkey solutions for business school programs, offering insight and access to key industries and executives in our region, in addition to travel logistics and ground support.

For more than a decade, our expertise has been sought out not only by MBA programs but also by multinational companies looking to expand into the region, both directly and via a number of foreign embassies, including the US Embassy and the US Commercial Service.

The lifelong social learning platform!

PageWell provides socially connected lifelong learning environment anywhere and on any device to students, educators and professionals. PageWell's innovative solution dramatically advances how learning material is published, offered, and used thus greatly improving experience for students, faculty and cutting costs for the program administration. Faculty and students who use PageWell enjoy the convenience of course content that follows them wherever they go, in a well-organized, easy-to-transport, searchable and sharable digital format that vastly reduces the amount of books and paper they use and carry. PageWell enables users to securely store, access, search, annotate and collaborate with their content e.g. books, handouts, course packs and notes across multiple channels – personal computers, Online, iPad, tablets/e-readers and on convenient smart phone applications.

Innovative social learning features enable students to follow topics, subject areas and their favorite faculty even after the program ends resulting in continual learning opportunities and stronger alumni relationship.

PageWell uses US government adopted cryptography techniques for security. The company works closely with schools, training houses and publishers helping them produce, sell and distribute copyrighted, secured electronic versions of their content in a variety of new ways to educational programs worldwide.

Zoologic Learning Solutions offers Executive MBA Programs a comprehensive professional development series of online courses covering the critical subject areas: business math, statistics, microeconomics, corporate finance, accounting, and calculus. This series provides the essential skills new Executive MBA students need to stay competitive in today's business world and prepare them for the rigors of the Executive MBA curriculum.

Zoologic's web-based courses are widely recognized as the optimal on-line learning solution available to the financial services industry. This is in large part due to our comprehensive library of superior, web-optimized financial content that is based on more than 5,000 learning objects and hundreds of courses. Courses are developed with subject matter experts specifically for the web, with the understanding that learners experience information on the web differently than in the classroom.

Study.Net is a Web-based learning resource designed to accelerate and enhance the educational experience for students and professors around the world. Study.Net's services are used by schools and professors to identify and quickly assemble academic content from virtually any source for immediate online delivery to students. Study.Net is used to manage copyright permissions, enhance content selection, report usage, make royalty payments, and facilitate optional print fulfillment – all within a secure, private website allowing faculty and administrators to focus on what they do best. Study.Net also facilitates student collaboration and the open exchange of knowledge with forums, course discussions, group collaboration, self-publishing, and access to a store of related learning material from leading academic publishers and knowledge sources. Study.Net's leadership and innovation leverage emerging technologies so students can access and manage relevant content on the devices they prefer. Study.Net is where minds meet - at any time, on any device, in any location.
